THE WRANGELL SENTINEL

VOLUME 9, NUMBER 3,

WRANGELL, ALASKA, THURSDAY, JANUARY 19, 1911

\$2.50 PER YEAR, 10c. PER COPY

Was Late As Usual

The Cottage City of the Pacific Coast S. S. Co.'s fleet arrived in port Tuesday morning instead of Monday as scheduled. For being everlastingly behind, there is probably no other boat on the coast that can come within a mile of the Cottage.

New Cable Man Arrives

Ben F. Hill was a passenger up on the Cottage City from Seattle, having been appointed to succeed Wm. Downing at the local cable office. Mr. Hill has been in the service for a number of years, is an efficient operator and will no doubt make many friends here in Wrangell.

Leaves For Up River

Customs Officer Tervo, of the Canadian service, left for up river points early this week. He expects to be gone for some time, but will return before the going out of the ice in the spring.

Hard On Wharf Builders

The heavy winds and cold weather has held back operations on building the new wharf. Owing to the fact that the shore end of the site is all rock, the piles cannot be driven, and are thus unable to withstand the pressure of the wind.

Ketchikan In Hard Luck

Word comes from our sister town to the south that they are in hard luck there, having fully three feet of snow on the level, their water froze up solid, and the electric light plant practically out of business. Evidently there are lots worse places than Wrangell to live in.

Goes Into Calder

The Cottage City had freight for Calder on her present trip and went in there on her way north. This will probably delay her, and make her trip north of this place rather longer than usual.

Banquetted "Bill" Downing

A goodly number of the friends of Wm. Downing met at the Wrangell Hotel Tuesday evening for the purpose of giving a farewell banquet in his honor, and well they succeeded, the night being passed in story and song and general good fellowship. During the thirty months that "Bill" has been at the key in the local cable office he has made a host of friends all of whom regret to hear the news that he is leaving Alaska, but who one and all extend the hope that life on the old home plantation, with "that little girl," will more than come up to the day dreams which he has been subject to of late. "Bill's" term of enlistment is out, and he goes direct home to Texas, where he will take charge of the home farm for his father.

Those present at the banquet were, Wm. Downing, M. A. McNurney, J. G. Grant, Fred Lynch, Ben F. Hill, Harry Gartley, Tom Dalgity, Dr. Dawes, P. C. McCormack, Fred Leonard, Dave Oliver, "Chips" Cole, C. M. Coulter, J. E. Worden, Henry Dannenberg, B. Y. Grant and Wm. Hood.

Trying Out New Boat

Matthew Shakenau and Charley Peters are the proud possessors of a new gasboat which they have lately completed, and were trying out Monday afternoon of this week. She is engined with a 10-12 horse power Portage engine, of which Dr. Dawes is the local agent, and showed good speed. The boys will use the boat, which they have named the Portage, in the spring salmon shipping business. Dr. Dawes is more than satisfied with the way in which this, his first engine in operation, has acted.

Visits Anacortes Friends

Marshal "Jack" Collins was a passenger home on the Cottage, after a trip south with prisoners to McNeill's Island penitentiary. While south he visited his old home at Anacortes and reports business good in that locality.

The Kenai-Alaska Gold company is the most recent organization formed for the purpose of developing a mining property on the Kenai peninsula. The property of the company is located on Falls creek and there is ore blocked out to the value of \$100,000. The company is capitalized at \$750,000.

Taken To Juneau Jail

H. Kimura, the Japanese who was bound over a couple of weeks or so ago, to appear before the grand jury on a charge of furnishing natives with intoxicants, was taken up to the United States jail at Juneau on the Cottage. He will probably have to remain there until the session of the grand jury at Ketchikan, as there is none called to assemble at Juneau prior to that time.

Home From The South

Adj. Smith, who had been on a tour of the branches of the Army south of here, returned home on the Cottage, as also did Pat Loftus who for some time last passed has been in Vancouver, B. C.

Come Down River With Mail

Word arrived the latter part of last week that Wm. Warnecke and Charles Vance had left Telegraph Creek for down river with mail. They are both old time mushers and should experience no trouble in making the trip.

Schooner Zopora Libeled

Twenty-four fishermen of the schooner Zopora have joined in libeling that vessel for \$25,000 salvage for services alleged to have been done on Nesbet Reef off Zarembo Island December 13, and for \$100 each for damage to their personal effects.

At the request of the master, the libellants assert, they turned to and for hours devoted their time and efforts to relieving the vessel from her perilous position. She would have gone to pieces and been a total wreck, they allege, but for their efforts.

The value of the vessel they put at \$100,000 and a fair salvage award, they claim, would be 25 per cent of her worth. They applied, they assert, to the reputed owners of the vessel and were refused a reasonable allowance for their services. In addition, they say, they suffered damage to the amount of \$100 each for their. They ask that the court allow them this amount together with a reasonable salvage award.

GRAY MOTORS

We are sole agents for the Gray Motor Company, whose factory is the largest in the World devoted exclusively to the manufacture of Two Cycle Marine Motors. These engines are the best of their kind made. Out of the 25 we've sold we have not had one complaint. All our customers who have bought Grays are enthusiastic in their praise and confirm us in our belief that they are by far the best bargains in Motors on the Market today.

GET A GRAY

You can't afford to be without one as it greatly increases your earning power and overcomes a serious handicap to you as compared with the other fellow. Its price places it within the reach of all, for work or pleasure. Examine our stock.

This year we shall specialize in MODEL T, one, two and three cylinders. No lubricator to feed, nor oil leaking around your boat, as you mix one pint of lubricating oil to every five gallons of gasoline in your tank for the first two hundred miles run, and after that one pint to eight gallons. Kerosene attachment \$25.00 extra per cylinder.

SELF-STARTING

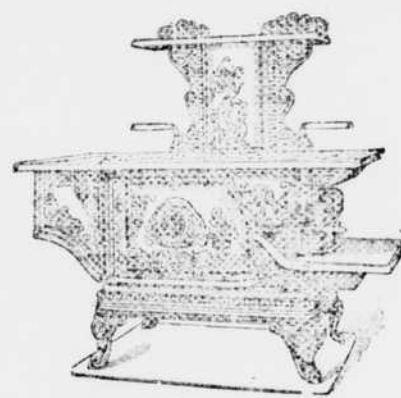

The Model T, after it has been started once will start again during the same day by merely turning on the switch, and without touching the wheel or "busting your suspenders" trying to raise a spark.

JUST PUBLISHED

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and amplified. The number of terms defined has been more than doubled. The etymology, synonyms, pronunciation, have received unsparing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

400,000 words and phrases.

6000 illustrations.

2700 pages.

A. E. Haldorsen is suing the Pioneer Mining company of Nome for \$20,000, \$5,000 for false arrest and \$15,000 for slander, as a result of his arrest in connection with the recent Nome robberies.

The Cordova Commercial club has disbanded, as there is no occasion for the existence of two such organizations in the same town. The chamber of commerce to which belong many of the members of the old commercial club, will continue to promote the welfare of the promising coast terminal.

THE THIEF

THE thief comes prepared—prepared to take your valuables. Carries the necessary tools. Is expert in their use. One of his tools is the revolver. In plain words, he is prepared to take your life. His deadly intent and expertness makes up for his revolver's awkwardness and slowness.

You have neither expertness or deadly intent. You cannot afford to stake everything upon a wrist-straining, trigger-flinching, slow-as-molasses firearm. Settle this matter to-day for the sake

of your family. Get the Savage automatic. The only gun that points straight, shoots true, fires fast, without practice. It is the only gun you can shoot straight any time you pick it up. Ten shots, one to a trigger pull. Reloads a fresh magazine of ten shots in a flash. Our free book "The Tenderfoot's Turn," by Bat Masterson tells why you point the Savage instinctively true. Deer On The Beach

The heavy snow has driven the deer down on the beach according to the reports of recent arrivals in town. For a time it looked as though the deer were going to have a chance to pull through the winter as the absence of snow until lately make it possible to keep out of the way of the wolves, but now the latter will have no trouble in running them down.
